**PROPOSAL**

presented by the delegation of Canada

*Re: Article XXVI bis*

1. This Article applies only where a Contracting State has made a declaration pursuant to Article XL(1) of this Protocol.
2. Nothing in this Protocol shall be construed so as to require a Contracting State to recognise or enforce an international interest on a space asset when the recognition or enforcement of such interest would conflict with its laws or regulations which prohibit making assets or funds available to specified persons.
