PROPOSAL

presented by the delegation of Canada

Re: Liability for damage

Article XYZ (Relocation of a space asset to an orbital position of another State)

1. If the exercise of a remedy would result in the relocation of a space asset out of the orbital position of a Contracting State, the creditor shall notify that Contracting State of its intention to relocate the space asset to enable the Contracting State to make a determination pursuant to paragraph 2.
2. The Contracting State shall notify the creditor, within ninety days of such notice, whether it objects to the relocation of the space object to the orbital position of another state.
3. Should a Contracting State object to the relocation of the space asset to the orbital position of another state, the creditor shall not relocate the space asset out of the orbital position of the Contracting State without the consent of that Contracting State.
